UMWELT ZERTIFIKAT

This certificate attests to the **significant CO₂savings** achieved with the help of wirkaufenihrenabfall.de GmbH & Co. KG

Klaus Herding GmbH

The above-mentioned company has contributed to the following environmental improvements:

- Reduction of CO₂ emissions during recyclable waste disposal
- Production of finished secondary raw materials and introduction into the circular economy
- Reduction of waste volume by up to 95%
- Only 10% of the truck transports previously required
- Reduced deforestation
- Greater work efficiency due to less effort required to shred the material
- Improving internal logistics through shorter walking distances
